Last Order Date

Last order date for the Rig Rat III will be **June 28, 2013**. Orders will be accepted based on material availability.

Spare Parts

We will continue to offer the Rig Rat III spare parts and sensors for a period of 2 years. The final date to order a spare part for these units will be June 28, 2015. Please note that due to the age of many of the components used in the Rig Rat III, we cannot guarantee that all spares will be available during this time. Orders will be accepted based on material availability.

Service Support

The Rig Rat III will continue to be supported with warranty replacement parts or an equivalent product replacement for a period of 2 years (June 28, 2015). Service teams will continue to provide repair / support during this time.

If you have any further questions please do not hesitate to contact your local Regional Sales Manager or the Inside Sales team.

Sincerely,

Jacob Spector
